

Oregon Republican Party CO0153031

This note is regarding Year-End '05 Monthly Report Amendment #1, FEC # 202663

The request for information letter dated April 19, 2006 itemized the following topic:

--Schedule A discloses one or more contributions which appear to exceed the limits set forth by law prohibiting a State party committee from receiving any contribution from a person in excess of \$10,000 per calendar year. Specifically, Donna Woolley made contributions of \$14,000. This contribution was properly reattributed to the joint account holder by written authorization; a copy of that letter is in the mail May 19, 2006, to your office. In order to properly disclose the reattribution, I am filing an amendment with the proper memo items for the reattribution.

Thank you!
